PROFESSIONAL SUMMARY

Software Engineering graduate with hands-on experience in full-stack development and enterprise system enhancement. During industrial training, demonstrated high efficiency by contributing to a major security migration project completed two months ahead of schedule. Combines technical proficiency in Laravel, Flutter, and .NET with strong administrative, documentation and team collaboration skills. Passionate, adaptable, and eager to contribute strong problem-solving and communication abilities to dynamic professional environments.

SKILLS

- **Programming Languages:** PHP (Laravel), Dart (Flutter), C#, Java, JavaScript, C.
- **Web & Mobile Development:** React, Vite, Tailwind CSS, HTML5/CSS3, ASP.NET, Mobile Responsiveness.
- **Backend & Database:** RESTful API Development, MVC Architecture, PostgreSQL, MySQL.
- **Cloud & Security (Project Exposure):** Azure, Microsoft Entra ID, BitLocker.
- **Tools & Professional Skills:** Git, GitHub, GitLab, VS Code, Canva, Microsoft Office (Word, Excel).

WORK EXPERIENCE

AI Software Developer **(June 2026 – Sept 2026)**

K-Youth Development Programme | Ultrack Technology Sdn. Bhd.

- Engineered and integrated the ClaimSnap feature into a standard system kit to deliver a functional Proof of Concept (POC).
- Maintained and optimized the OpsHero, internal web application over a 2-month period by resolving critical bugs and enhancing platform stability.
- Developed and deployed new features for OpsHero including Device and Item Inventory to streamline internal workflows and improve operational efficiency.

Software Developer Intern | Max System Solution Sdn. Bhd. **(Aug 2025 – Jan 2026)**

- Contributed on a security infrastructure migration from Symantec to Azure for enterprise user profiles, managing Microsoft Entra ID registrations and overcoming technical hurdles to complete deployment 2 months ahead of schedule.
- Enhanced Human Resource Management System (HRMS) functionality using .NET and PostgreSQL by implementing multi-file and multi-format resume uploads and refining UI components to improve mobile responsiveness for internal users.
- Developed an integrated Kanban-style planner with system notifications, successfully streamlining internal workflows and reducing manual administrative errors.

PROJECTS

Surprise Bae Florist Online System (Final Year Project) **Oct 2024 — June 2025**
Tech Stack: Laravel, Flutter, MySQL, RESTful API

- **Description**: A dual-platform system (Web Admin & Mobile App) for managing a florist business, allowing customers to browse and order while admins track inventory.

- **Key Achievement**: Architected the end-to-end communication between the mobile client and backend using RESTful APIs to ensure seamless, real-time data synchronization.

EDUCATION BACKGROUND

Bachelor of Computer Science (Software Engineering) with Honours **Oct 2022 — Jan 2026**
Universiti Tun Hussein Onn Malaysia, Parit Raja, Batu Pahat, Johor
Related course work: Object-oriented Programming, Web Development, Software Testing
CGPA: 3.23

Foundation of Physical Science **May 2021 — May 2022**
Penang Matriculation College
CGPA: 3.71 | MUET: Band 4

CERTIFICATIONS

- **Google Cybersecurity |** Coursera | Sept 2026
- **Google AI |** Coursera | July 2026
- **Power BI Data Modelling Basics Tutorial Course |** Simplilearn | Dec 2024
- **Power BI for Beginners |** Simplilearn | Dec 2024
- **CCNAv7: Introduction to Networks |** Cisco Networking Academy | Aug 2024

EXTRA CURRICULAR

Secretary of Sekretariat Mahasiswa Anak Perak **Oct 2023 — Jan 2025**

- Managed digital documentation and reporting for organizational activities, ensuring high data accuracy and operational transparency.
- Prepared official meeting minutes, agendas, and executive correspondence, maintaining smooth administrative alignment among committee members.
- Supervised program coordinators and coordinated executive schedules, streamlining overall project workflows and student representative operations.

Active Volunteer

- Participated in national and university conventions, such as the *Malaysia University Volunteer Convention 2024*, engaging in leadership workshops and group environmental conservation (beach and turtle sanctuary maintenance).
- Contributed to community service and disaster relief missions, including *Misi Pasca Banjir Terengganu* and community welfare programs like *Edaran Bubur Lambuk Senggarang*, demonstrating empathy, adaptability, and strong teamwork.

LANGUAGE

- Bahasa Melayu (Native)
- English (Professional Working Proficiency)
- Arabic (Intermediate)
- French (Basic)
